

### TCI<sup>®</sup> 4x Four-Speed™ Auto Transmission, Electronic 4L80E-based

**Ashland, MS** – The new 4x Four-Speed™ Transmission from TCI<sup>®</sup> allows the use of a popular 4L80E transmission with non-GM performance applications.

TCI<sup>®</sup> has created the 4L80E-based version of its new 4x Four-Speed™ transmission line with an SFI-spec adapter bellhousing for easy installation of a 4L80E behind a Small or Big Block Ford, Ford Mod, Small or Big Block Chrysler, Gen III Hemi, Buick, Pontiac, Olds or GM engine. The electronic overdrive transmission also includes an adapter flexplate that uses the engine crankshaft bolt pattern and the GM torque converter pattern.

The 4x Four-Speed™ Auto Transmission, Electronic 4L80E-based is rated to 875 HP and can be used with an original GM transmission controller or a TCI<sup>®</sup> EZ-TCU™.

#### Quick Facts

**Product:** TCI<sup>®</sup> 4x Four-Speed™ Auto Transmission, Electronic 4L80E-based

**Part Number:** See Application Chart

**Street Price:** \$3,699.99 - \$4,099.99

Buick/Oldsmobile	<b>471800P10</b>
Pontiac	<b>471800P11</b>

**About TCI®**

When TCI® opened its doors in 1968, it was a modest operation dedicated to delivering high performance transmission-related parts to a small group of drag racers. From those humble beginnings in Memphis, TN, TCI® has grown to be one of the largest and most technologically advanced manufacturers of high performance aftermarket drivetrain products. Now located in Ashland, MS, some 45 miles from parent company the COMP Performance Group™, TCI® continues to set trends and expand its line of quality transmission, torque converter and accessory parts. For more information about TCI® and its products, visit us online at [www.tciauto.com](http://www.tciauto.com), or call us at 1.888.776.9824.
